Barbara,

At the end of last week's teleconference call, you had asked about the types of ID information that MDS accept from subjects. As mentioned, State Driver's License, State ID with picture, Passport, Work Permits (usually PHX), and Military ID are accepted.

In Nebraska, in order to get any of these forms of ID, the person has to present an original (or embossed) birth certificate. In Phoenix, I do not think that a birth certificate need be provided for Social Security Cards, Green Cards, or general picture ID.

Other kinds of information MDS collects from subjects include Social Security Numbers, work and home phone numbers, current addresses and e-mail addresses. MDS does not require subjects to provide proof of address or phone numbers. The e-mail address is an optional field and is currently not used for any recruiting purposes at this point in time.

Thanks  
Kim
